

Vocabulary Review

Grade Level	7 th Grade
Subject	Language Arts, Technology
Curriculum Objective	Language Arts 6.01: Extending vocabulary knowledge by learning and using new words. Technology 3.01: Select and use appropriate technology tools to solve problems and make decisions in content areas.
Guiding Question	How can students use vocabulary to learn and use new words?
Lesson Summary	Students will explore different examples of vocabulary and how to understand them through the use of NC Wise Owl.
Activating Strategy	Students will use Jumble Kids on NC Wise Owl to activate prior knowledge of vocabulary and determine how much they know.
Cognitive Strategy	Students will be given new words to determine the meaning and usage. They will use Word Central on NC Wise Owl to learn and use new words.
Summarizing Strategy	To assess, students will be given a list of words to determine the meaning. Use Robo Bee on NC Wise Owl to help in assessing how they can understand the new words.
Evaluation	We will use context clues and word identification from Grolier Online to evaluate student progress during and after the lesson
