Sample Learning Frame
for the Internet

Today, I learned about <u>the internet</u> with my class. The first

thing we learned was <u>how to type in a web address</u> . Next,

<u>we learned how to search the internet using a search engine</u>

<u>and key words</u>. Then, <u>we tried a search for "North Carolina</u>

<u>pirates</u>." After that, <u>we spent some time exploring the sites</u>

<u>we found using our keyword search</u> . I also learned that

<u>you have to use correct spelling when typing in your key</u>

<u>words</u>. The next time we study <u>North Carolina history</u>, I

want to learn more about <u>using the internet as a resource</u>!
